

TRIAx

connecting the future

Exceptional headends
for any installation

Proud heritage

Now including the all-new
TDcH compact headend

Trust the headend experts:
proudly innovating since 1949

Trust TRIAX Experts in headend technology

Proud heritage

With trailblazing technology at our core for over 70 years, we're proud of where we come from. And we're proud to keep innovating each day, connecting our customers to the future.

Our expanded headend range is the truest expression of our values of reliability and innovation.

And now, we have a headend to suit the requirements of every installation size and budget.

TV delivered your way

You know what your customers need, and our flexible headends make your choice easy. Whatever your preferred configuration, you can rest assured that each and every TRIAX headend guarantees the same quality TRIAX experience, saving you time and costs, and increasing your own customer loyalty.

Our headends are developed from the ground up at our headquarters in Denmark, with over 24,000 sold in the last decade alone.

TIME SAVED

- No retuning of in-room TV sets
- Quick installation with pre-configured solutions

Trust our customers

Our vision is to be the preferred connectivity partner to professionals. We take pride in our reliable products and outstanding service, but don't just take our word for it: here's what some of our customers have to say. Read more at triax.com/references.

"We have been using TRIAX's reliable headend systems for several years. This has convinced us to also rely on TRIAX for subsequent projects."

Thomas Banhardt
Owner, Feldberger Hof, Germany

"TRIAX has renewed our CATV infrastructure with a highly reliable and effective solution."

IT & Multimedia Director
Hungarian National Assembly

"TRIAX understands what is important. Their headends are recommended for their expandability combined with low maintenance effort."

Wolfgang Kerz
Antennentechnik Redmann GmbH
